R&P Project No. 0207C

Dear Troy;

How quickly the time passes. Here we are at our final invoice. Bob and I and the Office just want to again express our appreciation for bringing Rañon & Partners aboard on this project and making the process and the product pleasant and successful. We certainly will continue to look for opportunities when we both can again join forces.

Congratulations, thank you and Season's Greetings to you and the office.

Sincerely,

Rañon & Partners, Inc.
