Re: Mr. Ron Fox

Dear Mr. Muilenburg:

STS Advanced Systems recently leased an office building from Grady Pridgen, Inc. Throughout the complete process of planning and building-out the facility, my co-workers and I had the opportunity to work closely with your Superintendent, Ron Fox.

This letter is to let you know that it was a pleasure to work with Ron, as he consistently proved to be professional, knowledgeable, courteous, considerate, reliable, patient and extremely helpful to us – in the process of building-out of our new office.

Please recognize Ron for such an outstanding job. He is definitely an asset to your company. We would welcome the opportunity to work with Ron again... any time!

Sincerely,

A handwritten signature in black ink that reads "Lou Ann Ehret". The signature is written in a cursive, flowing style.
